

motionLine

Uncompromising comfort for patient transport.

OPHTHALMIC
SURGERY

Order No. 17000000

ADVANTAGES

- Ergonomically shaped, comfortable push handles
- Integrated clip-on basket for the patients' personal effects; perfectly positioned underneath the seating surface
- High-quality, comfortable and easy-care upholstery to meet even the most stringent hygiene requirements
- Infinitely adjustable back-/footrest and seat adjustment via gas pressure spring with foot release
- Comfortable and easy maneuvering by a single person
- Two large-sized casters on the foot end and two smaller-sized double casters on the head end for effortless movement by a single person
- Two brake levers for locking the seat casters for perfect position stability
- Provides a "shock position"

- Flexible, height-adjustable neck support cushion for enhanced patient comfort
- Wide and sturdy covering for an outstanding level of comfort during reclining
- Ergonomically shaped backrest cushion with lumbar support
- Sturdy steel frame for patients weighing up to 135 kilograms
- Fold-away, comfortable armrests to serve for added patient safety
- Low access height

EQUIPMENT

Flexible, adaptable and sturdy – the backrest moves together with the footrest (55°) as the chair is reclined to a Trendelenburg position.

Ergonomic vertical adjustment of the chair back eliminates unnecessary sliding and rubbing. The patient can easily and comfortably lean back while experiencing complete lumbar support.

Stylish colors available for the motionLine. Standard color anthracite 197.

Ergonomically formed, durable, non-sliding rubber grips.

Comfortable, height adjustable neck support pillow as standard version.

Storage basket for patient medical records and belongings.
