Subject to technical modifications.

The perfect addition for your OR

Pneumatic spring technology / foot pedal

The integrated pneumatic spring technology enables the instrument tray to be stopped and positioned smoothly at a suitable working height for the surgeon. Infinitely variable height adjustment via foot pedal.

supportLine plus

Item No.: 3351 0045

The *supportLine*'s maneuverability, optimised stability and resistance to tipping, its stainless steel design for the user's operating area and its hard-wearing, hygienic surfaces are designed specifically for versatile use in the operating room. The *supportLine plus* mobile instrument table is a 20 cm higher version.

Technical specifications

Chassis

- Footprint 680x400 mm
- 4 castors ø 50 mm

Lifting column

- Height adjustment 930 – 1,185 mm

Stainless steel tray

660x540 mm

Upper frame

715x540 mm

Weight

17,5 kg

Max. load

Subject to technical modifications..

Tray

The removable, high-quality stainless steel tray is heat-resistant, easy to clean and disinfect and offers plenty of space for holding surgical instruments with an area of 66 x 54 cm.

Push handle / double castors

Its wide push handle and maneuverable double castors make the *supportLine* easy to position.

Upgrade your OR to perfection.
